

Legal & General UK Property Fund

PAIF (NURS non-complex) R-Class GBP

Base currency: **GBP**Domicile: **UK**

FUND AIM

The Fund will be a Property Authorised Investment Fund for tax purposes at all times. Its objective is to provide a combination of income and capital growth through investing generally in commercial property and managing cash.

FUND SNAPSHOT

- **What does it invest in?** Invests in UK office, retail, industrial and residential property. May also invest in other UK property related investments, such as shares in property companies and real estate investment trusts as well as hold cash.
- **How does it invest?** Actively managed, and typically has at least 80% invested in property, though the Manager may reduce this to 60% if necessary to maintain liquidity and performance of the fund. May invest up to 20% in residential property and may also develop properties.

WHO IS THIS FUND FOR?

- This fund is designed for investors looking for income and growth from an investment in a balanced portfolio of predominantly UK Commercial Property.
- Although investors can take their money out at any time, this fund may not be appropriate for those who plan to withdraw their money within five years.
- This fund is not designed for investors who cannot afford more than a minimal loss of their investment.
- If you do not understand this document we recommend you seek additional information to help you decide if this fund is right for you.

Performance for the R Inc unit class in GBP, launched on 23 May 2014. Source: Lipper. Performance assumes all fund charges have been taken and that all income generated by the investments, after deduction of tax, remains in the fund. The IA Sector averages are inclusive of both PAIFs and Feeders in its calculation.

Past performance is not a guide to the future.

Michael Barrie

Matt Jarvis

FUND MANAGERS

Michael Barrie is co-fund manager for the UK Property Fund and is also a Director of Legal & General Property Division. He joined Legal & General Property in 2005 from F&C Property Asset Management. Michael has a postgraduate diploma in property investment from Reading University. Matt Jarvis joined Legal & General Property as an Asset Manager in November 2004 and is Co-Fund Manager of the UK Property Fund, having previously been a Commercial Valuer with Jones Lang LaSalle. Matt holds a degree in Land Management from Reading University. They are both members of the Royal Institution of Chartered Surveyors (MRICS).

KEY RISKS

- The value of an investment and any income taken from it is not guaranteed and can go down as well as up; you may not get back the amount you originally invested.
- The Fund invests in assets that may at times be hard to sell. This means that there may be occasions when you experience a delay or receive less than you might otherwise expect when selling your investment.
- The fund manager runs a fund to meet its objective and you should expect a fund's investments to change over time. The fund's level of risk may also change in the future. At times it may be difficult for the fund to make investments or sell assets to meet investors' requests to buy/sell shares. Where this occurs the fund may experience reduced investment performance for a period or have difficulty paying proceeds to investors who wish to sell shares. Property can be difficult to buy or sell. This could mean: cash builds up waiting to be invested, so the fund will underperform when property returns are greater than the interest earned; and/or property may have to be sold for less than expected. If an exceptional amount of withdrawals are requested, the fund manager may be forced to sell properties quickly. This could mean that properties are sold for less than expected which would reduce the value of your investment. In times of market uncertainty or if an exceptional amount of withdrawals are requested it may become less easy for your fund to sell properties and the Manager may defer withdrawals, or suspend dealing. The Manager can only delay paying out if it is in the interests of all investors and with the permission of the fund trustee or depository. Rental growth is not guaranteed and unpaid rent could affect the performance of your investment. The value of property is generally a matter of valuer's opinion rather than fact and the true value of a property may not be recognised until the property is sold. In certain circumstances we may not be able to obtain a valuer's opinion and will apply our own valuation. The fund will undertake development of properties where the full benefits of any increases in the value of the property or the income earned from it are not received until completion. While any development is taking place, the fund is at risk from delays, increased costs or not achieving the predicted improvement in increasing the value of the property or rent received.
- The fund could lose money if any institution providing services such as acting as counterparty to derivatives or other instruments, becomes unwilling or unable to meet its obligations to the fund.
- Derivatives are highly sensitive to changes in the value of the asset on which they are based and can increase the size of losses and gains.
